

# Bringing Today's Technology to Tomorrow's Leaders

Charter schools have unique needs. To help meet those needs, CDW-G has committed to providing charter schools exclusive contract pricing on their extensive product line and service offerings. With dedicated account managers to guide you, in-house architects to design custom solutions and advanced technology engineers to manage implementation and long-term support, CDW-G is your go-to technology resource.

## Contract Highlights

- Up to 13% off already reduced CDW-G government pricing
- Additional discounts on large orders
- Custom price lists for your school
- Free ground shipping
- Access to education-specific webinars and on-site informational trainings

## A Member Benefit to Save You Time and Money

When charter schools save money, students win. That's why 25+ state-based charter support organizations have joined together with our national group purchasing partner, BuyQ, to negotiate deeply discounted prices and other benefits on the products and services you use every day. By taking advantage of this CDW-G contract and other BuyQ group purchasing contracts, you'll reduce the total supply expense across your school. And, because all vendors are selected by a national committee of charter school representatives after an open and competitive RFP process based on the purchasing power of over 5,000 charter schools, you'll save valuable time too.
