A Member Benefit to Save You Time and Money

When charter schools save money, students win. That's why 25+ state-based charter support organizations have joined together with our national group purchasing partner, BuyQ, to negotiate deeply discounted prices and other benefits on the products and services you use every day. By taking advantage of this Hertz Furniture contract and other BuyQ group purchasing contracts, you'll reduce the total supply expense across your school. And, because all vendors are selected by a national committee of charter school representatives after an open and competitive RFP process based on the purchasing power of over 5,000 charter schools, you'll save valuable time too.
